Hi everyone,

Attached is the final draft of the PFAS Activities Tracking sheet. BIG THANKS to Erik for his help (especially in developing code to make it possible to tracking the date/time of each update) and to Rita for the auto-fill short cut.

Appreciate any comments or edits. I envision that PFAS technical contacts will provide regular updates in the tab labelled, "tracking page for data entry" and that senior leader updates will be provided from tab labelled "Management Report."

I'll add the password protection that we discussed once the worksheet is vetted through all DDs and finalized.

Also, I'm not in love with the color so suggestions welcomed here, too.

Thanks and have a great weekend,

-Kim
